SALES POINTS:

Unique fast-playing memory game.

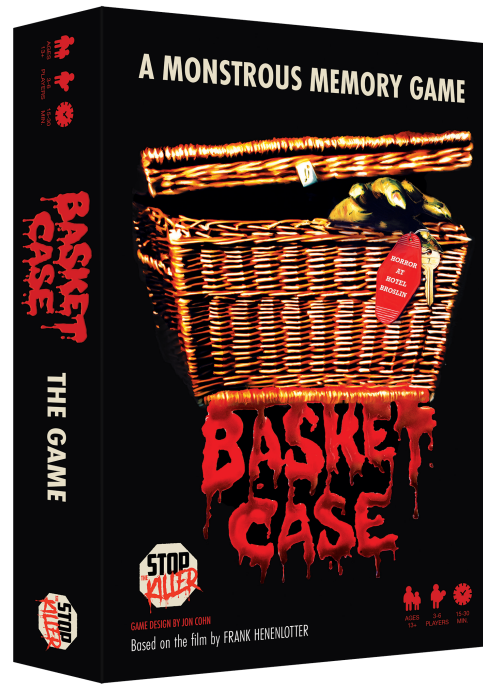

Year-Round Sales Driver: Horror is no longer seasonal. Retailers are seeing strong sell-through on horror-themed apparel, collectibles, and games **well beyond October**, driven by streaming, gaming, and pop culture.

Built-In Fan Demand: Horror IP and original concepts both perform, with consumers actively seeking out new products tied to the genre, reducing reliance on heavy marketing to drive sales.

Fast Turn + Impulse Friendly: Horror merchandise thrives on **impulse buys and gifting**, leading to quicker inventory turns, especially during Q3/Q4.

Did you know?

Horror board games are exploding in popularity because players want the same tension and shared adrenaline they get from horror movies, but in a social setting.

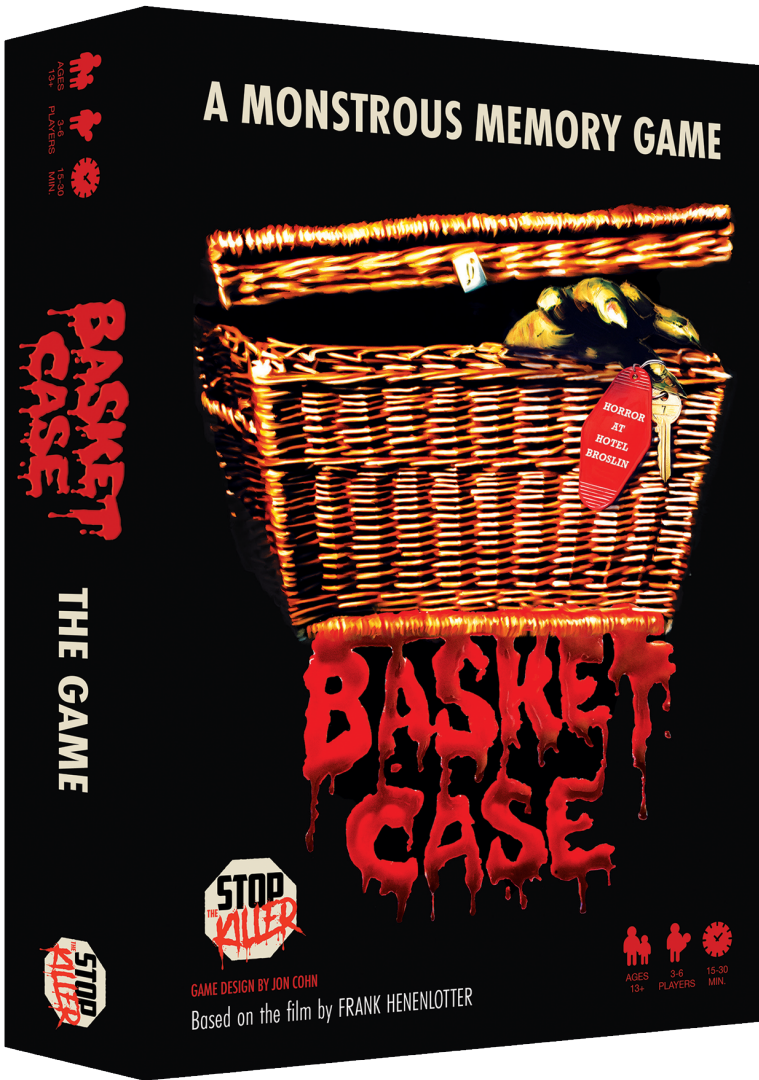

See next page for front/back pics.

Mysterious picnic baskets have been delivered to the guests at the Hotel Broslin, and one of them hides a monster waiting to attack when his basket opens! To win, players must combine strategy with a little bit of luck to beat their opponents as they attempt to survive the night!
